

Index of Authors in the *Townsend Letter for Doctors & Patients*, 1999-2003
G-H

Gaby, Alan R., MD

- Abstract thinking, #197, p.34
- After the Attacks (ed), #221, p.95
- Alfalfa exacerbates lupus, #193, p.29
- Allergy to "inert" ingredients in medications (abst), #214, p.22
- Alpha-lipoic acid for burning mouth syndrome (abst) #240. p.32
- Alpha-lipoic acid for diabetic neuropathy, #208, p.28
- Alternative cancer clinics, #195, p.38
- Amoebic infections and rheumatoid disease, #193, p.28
- And do chromium supplements, too?, #202, p.24
- And for reflex sympathetic dystrophy, #204, p.32
- Anti-inflammatory effect of olive oil (abst), #223, p.30
- Apparent cure of ulcerative colitis (abst), #245, p.22
- Are chondroitin sulfate and glucosamine sulfate dangerous?, #207, p.104
- Assessing the risks of testosterone therapy, #202, p.25
- Atkins diet put to the test (abst), #241, p.46
- Azelaic acid cream for rosacea, #203, p.40
- B-vitamins and heart disease, #204, p.32
- B-vitamins improve outcomes in heart patients (abst), #243, p.54
- Battling Cancer (ed), #216, p.13
- Before You Order that Lab Test...(ed), #245, p.102
- The beneficial effects of thyroid hormone for people who "don't need it" (abst), #219, p.20
- Benefits and Risks of Soy (ed), #220, p.96-97
- Berberine for congestive heart failure (abst), #245, p.22
- Beta-carotene and asthma, #199, p.156
- Beta-carotene: effects differ in smokers and nonsmokers, #208, p.29
- Beta-carotene supplements where there's smoke, there's fire (abst), #243, p.54
- Beware of Binky, #209, p.119
- Bias Against Alternative Medicine Strikes Again (ed), #211, p.99
- Bias Against Nutritional Therapy, #187, p.128
- Bioflavonoids for bleeding hemorrhoids (abst), #222, p.23
- Biotin needed during pregnancy (abst), #227, p.31
- Bogus Erin Brockovich department (abst), #217, p.150
- Borage seed oil effective against rheumatoid arthritis (abst), #226, p.32
- Borage-seed oil for rheumatoid arthritis, #193, p.28
- Breast-feeding reduces risk of obesity (abst), #238, p.32
- Bromelain for sinusitis (abst), #234, p.34
- Bromelain for treatment of sports injuries (abst) #240, p.30
- But probiotics are not entirely risk-free, #209, p.26
- Buying the news media, #204, p.32
- Caffeine may worsen glaucoma (abst), #231, p.26
- Calcium, vitamin D, and polycystic ovaries, #202, p.24
- Calcium-fortified orange juice blocks absorption of ciprofloxacin (abst), #228, p.26
- Can a morning cup of coffee cause insomnia?, #208, p.29
- Can burning candles cause lead poisoning?, #207, p.33
- Can depressed people benefit from folic acid supplementation? (abst), #210, p.130
- Can folic acid prevent Down's syndrome? (abst), #219, p.19
- Can food allergy trigger myocardial infarction? (abst), #229, p.26
- Can gluten-intolerant people tolerate oats?, #191, p.35
- Can healthy people benefit from folic acid supplementation? (abst), #210, p.130
- Can kava cause hepatitis? (abst), #215, p.20
- Can lycopene reverse prostate cancer? (abst), #221, p.22
- Can monosodium glutamate trigger fibromyalgia? (abst), #221, p.24
- Can nutritional therapy prevent fetal alcohol syndrome? (abst), #220, p.13
- Can patients with celiac disease eat oats? (abst), #210, p.131
- Can selenium supplementation reduce the severity of the flu? (abst), #220, p.14
- The cancer got worse: a reportable case?, #187, p.40
- Carnitine derivative for intermittent claudication (abst), #241, p.44
- Candida albicans* as a cause of asthma (abst), #222, p.24
- Case of the month: viral pneumonia (abst), #234, p.35
- Celiac disease and osteoporosis, #201, p.42
- Celiac disease as a cause of severe liver disease (abst), #233, p.26
- Celiac disease more common than generally recognized (abst), #241, p.44
- Chelation therapy preserves renal function, #191, p.34
- Chemotherapy side effect: still in the dark (ages), #186, p.77

Choline, parenteral nutrition, and cognitive decline (abst), #228, p.24
Chondroitin sulfate for osteoarthritis, #189, p.29
Chromium for dysthymic disorder, #201, p.40
Cod Liver oil during pregnancy (abst), #222, p.22
Coenzyme Q10 for chronic renal failure (abst), #217, p.150+
Coenzyme Q10 for chronic renal failure (abst), #243, p.52
Coenzyme Q10 for hypertensive heart patients, #201, p.40
Coenzyme Q10 for Parkinson's disease (abst), #235, p.30
Coffee consumption and homocysteine, #192, p.30
Compound in vegetables reverses cervical dysplasia, #209, p.28
Conflict of interest, #187, p.39
Consider St. John's wort as alternative to kava (abst), #226, p.34
Conventional medicine is based on shaky evidence, #187, p.39
Conventional Medicine's Failed Point of View (ed), #231, p.103
Cost effectiveness of nutritional supplements, #190, p.24
Cost-effectiveness of vitamin E, #197, p.34
Counteracting cyanide poisoning with hydroxocobalamin (abst), #234, p.35
Cow's milk and constipation, #186, p.76
Cow's milk and type I diabetes: solving the riddle?, #197, p.34
COX-2 inhibitors may increase heart-disease risk (abst), #221, p.23
Creatine treatment of muscular dystrophy, #205, p.33
Curing lupus with "witchcraft", #193, p.28
D-chiro-inositol, insulin resistance, and polycystic ovaries, #196, p.123
Deception among participants in clinical trials (abst), #232, p.38
Dehydroepiandrosterone treatment of lupus, #193, p.29
Dementia and Alzheimer's disease: environmental illnesses? (abst), #228, p.24
DHEA and the drug industry, #204, p.33
DHEA effective against osteoporosis (abst), #211, p.160
DHEA for AIDS patients (abst), #222, p.22
DHEA for depression, #199, p.157
DHEA for schizophrenia (abst), #244, p.32
DHEA improves mood and energy in HIV-infected patients (abst), #225, p.30
DHEA may prevent heart disease in postmenopausal women (abst), #223, p.30
DHEA supplementation of menopausal women, #201, p.42
DHEA treatment of erectile dysfunction, #196, p.64
Diet affects anesthesia reaction, #190, p.24
Diet and exercise improves hepatitis C (abst), #229, p.28
Diet for gestational diabetes, #203, p.40
Dietary choline is important during pregnancy and lactation (abst), #222, p.22
Dietary factors in diabetes, #198, p.22
Dietary nickel causes skin lesions, #202, p.24
Dietary protein and osteoporosis, #190, p.24
Dietary treatment of IgA nephropathy and mixed cryoglobulinemia, #193, p.30
Dietary treatment of multiple sclerosis (abst), #210, p.132
Do hospitals starve patients to death?, #203, p.38
Do vaccinations make children allergic? (abst), #220, p.12
Doctor-induced illness, #198, p.22
Doctor negligence (abst), #215, p.20
Doctors and Spin Doctors, #192, p.13
Doctors ignorant about alternative remedies (abst), #220, p.12
Does betaine prevent heart disease?, #208, p.28
Does dietary fiber prevent colon cancer?, #190, p.86
Does eating eggs help your eyes?, #201, p.42
Does eating meat prevent heart disease?, #209, p.28
Does eating soy promote cognitive decline?, #209, p.26
Does estrogen replacement therapy cause lupus?, #193, p.30
Does estrogen replacement therapy prevent heart disease?, #205, p.108-09
Does homeopathy work?, #195, p.13-14
Does iron deficiency anemia cause recurrent ear infections? (abst), #227, p.31
Does margarine make babies stupid? (abst), #221, p.22
Does mega-dose vitamin C therapy help cancer patients?, #195, p.36
Does niacin worsen diabetes? (abst), #233, p.27
Does postmenopausal DHEA replacement cause cancer? (abst), #214, p.20
Does salt restriction aggravate diabetes? (abst), #221, p.22
Does vitamin A cause osteoporosis? (ed), #225, p.132-33
Does vitamin K deficiency cause arteries to calcify? (abst), #229, p.26
Don't cook your goose (abst), #245, p.20
Dr. Gaby Responds, #199, p.104
Drinking tea as a treatment for hemochromatosis, #196, p.64

A Drug in Search of a Disease (ed), #227, p.116
Drug Interactions: Let the Buyer Beware (ed), #215, p.130
Dumping on St. John's wort (ed), #216, p.110
Dying from the blues (abst), #217, p.152
Eat Right for Your Social Security Number (ed), #232, p.134
Eating fish for a better pregnancy outcome (abst), #238, p.30
Eating nuts may reduce risk of heart disease, #192, p.32
Eating walnuts lowers serum cholesterol (abst), #210, p.132
Effective treatment for warts, #199, p.156
Eicosapentaenoic acid effective in treatment-resistance depression (abst), #226, p.33
Environmental pollution and autoimmune disease, #193, p.28
Episiotomies do more harm than good, #187, p.40
Eradicating *Helicobacter pylori*: Don't forget the probiotics (abst), #215, p.22
Essential fatty acids for ADHD (abst), #237, p.43
Essential fatty acids, osteoporosis, and lab tests, #192, p.31
Estril for menopausal symptoms (abst), #223, p.28
Estril prevents postmenopausal osteoporosis (abst), #223, p.28
Evening primrose oil for pruritus of chronic renal failure, #205, p.32
Fighting radiation exposure with ginkgo (abst), #221, p.24
Fish oil plus vitamin B12 relieves dysmenorrhea (menstrual discomfort) (abst), #211, p.161
Fish oil prolongs life of cancer patients, #195, p.37
Flaxseed and breast cancer (abst), #227, p.30
Flaxseed and prostate cancer (abst), #227, p.30
Flaxseed for cyclic mastalgia (abst), #215, p.21
Folic acid and cancer, #186, p.78
Folic acid and cancer, #195, p.36
Fructose, glycosylation, and aging, #189, p.107-08
Fungus allergy as a cause of sinusitis (abst), #229, p.27
Gamma-hydroxybutyrate (GHB) for alcoholism (abst), #216, p.14
Garlic effective against warts (abst), #243, p.53
Garlic for hepatopulmonary syndrome, #190, p.25
Genistein reverses bone loss (abst), #238, p.30
Germinated barley for ulcerative colitis (abst), #215, p.20
Getting smart with soy (abst), #225, p.31
Ginger for nausea and vomiting of pregnancy (abst), #217, p.150
Ginkgo biloba extract for normal tension glaucoma (abst), #241, p.45
Ginkgo biloba extract prevents altitude sickness (abst), #240, p.30
Ginkgo biloba for vitiligo (abst), #245, p.22
Ginkgo for schizophrenia (abst), #227, p.31
Giving new meaning to the placebo effect (abst), #226, p.34
Glandular supplement for uterine fibroids (abst), #219, p.21
Glucosamine hits the big time (abst), #216, p.12
Glucose affects the electrocardiogram, #191, p.35
Glutamine does not improve intestinal permeability, #198, p.23
Glutamine for alcohol cravings (abst), #216, p.14
Glutamine for chemotherapy side effects, #195, p.37
Glutamine supplementation not recommended for Crohn's disease (abst), #219, p.18
Glutathione and neurodegenerative diseases (abst), #215, p.22
Gluten-free diet for AIDS-related diarrhea, #207, p.33
Gluten-free diet for AIDS-related diarrhea (abst), #225, p.30
Grapefruit juice for pruritus due to liver disease, #202, p.25
Green tea extract for treatment of obesity (abst), #240, p.30
Green tea inhibits iron absorption (abst), #219, p.20
Hair analysis: an unreliable diagnostic test (abst), #217, p.151
Harvesting the Patient's Money (ed), #210, p.122
Hawthorn (*Crataegus*) effective against heart failure double-blind study (abst), #238, p.32
A hazy shade of winter (abst), #241, p.46
Health Care Costs Out of Control Again (ed), #229, p.148
Herbal formula helpful for chronic active hepatitis B, #204, p.33
Herbal treatment for pain (abst), #211, p.160
Herbal treatment for parasitic infection (abst), #232, p.37
Herbal treatment of influenza (abst), #234, p.34
"Herbs Don't Work" (ed), #233, p.120
High-dose folic acid for psoriasis (abst), #238, p.30
High-dose vitamin K2 decreases mortality in patients with liver cancer (abst), #239, p.32
High-selenium yeast for cancer prevention (abst), #217, p.153
Hip protector prevents hip fractures (abst), #213, p.60
Honey for postoperative wound infection, #196, p.65
Huntington's disease: improvement with fatty acid treatment (abst), #244, p.30

Hydration improves the course of labor (abst), #213, p.59
Hydrocortisone for chronic fatigue syndrome, #189, p.28
Hypothyroid heart (abst), #213, p.58
Hypothyroidism as a cause of headache, #191, p.34
iatrogenesis department, #199, p.156
Ignorance in the information age (abst), #225, p.30
Improving surgery outcome, #201, p.41
Insulin to treat cancer? (abst), #213, p.60
Intravenous Magnesium for Acute Myocardial Infarction: The Controversy Continues (ed), #237, p.114
Intravenous magnesium for childhood asthma (abst), #234, p.34
Intravenous magnesium for neuropathic pain in cancer patients (abst), #213, p.59
Intravenous magnesium knocks out acute migraines (abst), #232, p.37
Intravenous nutrients relieve the symptoms of fibromyalgia (abst), #220, p.14
Ipriflavone ineffective against osteoporosis (abst), #215, p.20
Iron and breath holding spells, #199, p.158
Iron deficiency without anemia impairs endurance (abst), #240, p.30
Iron depletion may improve insulin sensitivity (abst), #231, p.26
Iron restriction beneficial in hepatitis C (abst), #233, p.26
Is exposure to plastic causing precocious puberty? (abst), #216, p.14
Is the National Academy of Science Biased Against Megavitamin Therapy?, #204, p.132-33
Journal bashes alternative remedy (abst), #226, p.32
Krazy Glue for superficial cuts, #207, p.32
L-arginine and hypertension, #190, p.25
L-arginine for angina pectoris, #196, p.65
L-arginine for dementia (abst), #228, p.24
L-arginine for interstitial cystitis, #192, p.32
L-arginine for interstitial cystitis (abst), #213, p.58
L-carnitine benefits dialysis patients (abst), #235, p.30
L-carnitine for hyperthyroidism (abst), #243, p.54
L-carnitine prevents death due to adverse drug reaction, #205, p.33
L-carnitine treatment of ADHD (abst), #235, p.30
L-carnitine treatment of chronic fatigue syndrome, #197, p.36
L-tryptophan for insomnia: resolving conflicting studies, #203, p.39
L-tryptophan for premenstrual tension, #191, p.34
Lactobacillus GG for prevention of childhood eczema (abst), #238, p.30
Lactobacillus GG prevents cavities (abst), #232, p.36
Laugh your allergies away (abst), #216, p.13+
License Naturopaths (ed), #226, p.114
Licorice affects testosterone metabolism, #203, p.38
Licorice does not lower testosterone levels (abst), #223, p.29
Low-carbohydrate diet for diabetes, #196, p.66
Low-dose vitamin A does not cause osteoporosis (abst), #239, p.34
Lutein improves vision in people with cataracts (abst), #240, p.32
Lycopene and saw palmetto treatment of prostate cancer (abst), #227, p.30
Lycopene for the heart, #196, p.66
Magnesium and mitral valve prolapse, #199, p.158
Magnesium deficiency and the metabolic syndrome (abst), #240, p.32
Magnesium oxide relieves premenstrual fluid retention, #192, p.31
Magnesium, Raynaud's phenomenon, and laboratory tests, #193, p.31
Magnesium supplementation enhances treatment of bipolar disorder, #208, p.28
Magnesium supplementation for sickle cell disease, #207, p.32
Magnesium: the still-forgotten ion (abst), #214, p.21
Magnesium treatment of narcotic addiction (abst), #245, p.20
Making fat kids thin (abst), #237, p.43
Many reported herb-drug interactions are questionable (abst), #225, p.31
Melatonin aids in benzodiazepine withdrawal, #207, p.33
Melatonin effective against tardive dyskinesia (abst), #223, p.28
Melatonin for cancer cachexia, #195, p.37
Melatonin for epilepsy (abst), #223, p.28
Melatonin lowers sperm counts (abst), #232, p.36
Melatonin: what is the appropriate dose for insomnia? (abst), #234, p.34
Merck Manual "gets tough" on food allergies, #192, p.30
Mercury and fish: the good and the bad (abst), #244, p.30
The Metaphor of Autoimmune Disease, #193, p.146
Milk allergy and lupus, #193, p.29
Milk and ankylosing spondylitis, #193, p.31
Millennium: State-of-the World, #198, p.120
More drugs to treat side effects of drugs (abst), #233, p.27
More on cost-effectiveness: glutamine, #197, p.34

More on cranberries and urinary tract infections, #189, p.29
More on quercetin and chronic prostatitis (abst), #226, p.34
More on the vitamin A/osteoporosis connection: margarine and vitamin K (abst), #228, p.26
The Myth of Infantile "Rebound Scurvy", #203, p.122
N-acetylcysteine for chronic obstructive pulmonary disease (COPD) (abst), #244, p.32
N-acetylcysteine, glutathione, and HIV, #189, p.28
NADH for chronic fatigue syndrome, #191, p.35
Natural alternative to Viagra (abst), #239, p.33
Natural medicine getting new respect, #209, p.26
The New England Journal of Drugs (ed) #241, p.152
New treatment for itching (abst), #216, p.12
New treatment for multiple sclerosis (abst), #216, p.12+
Niacin raises homocysteine levels (abst), #211, p.162
Niacinamide for osteoarthritis (abst), #226, p.32
Not enough space to print the truth (abst), #219, p.18
Not tonight, dear, I have scurvy (abst), #235, p.32
Novel nutritional treatment for cancer, #203, p.38
Novel treatment for cluster headache, #207, p.32
Nutritional Medicine: New Interest Among Medical School Professors (ed), #239, p.134
Nutritional supplement effective against bipolar disorder (abst), #238, p.31
Nutritional supplement enhances cognitive function in the elderly (abst), #228, p.25
Nutritional supplement improves antisocial behavior among criminals (abst), #239, p.34
Nutritional supplement prevents infections among diabetics (abst), #244, p.31
Nutritional supplement relieves stress and anxiety (abst), #217, p.150
Nutritional support before surgery prevents infections (abst), #232, p.38
Obesity as a cause of sleep-disordered breathing (abst), #216, p.12
Olive oil: maintain her virginity, #207, p.33
Omega-3 fatty acid for depression (abst), #232, p.38
Omega-3 fatty acids for epilepsy (abst), #231, p.28
Omega-3 fatty acids lower blood pressure (abst), #210, p.132
Omega-3 fatty acids, vitamin E, and heart disease, #199, p.158
Oolong tea for eczema (abst), #214, p.22
Opposition to Naturopathic Licensure Harms the Public (ed), #235, p.146
Oral magnesium supplementation for angina (abst), #244, p.32
Oral zinc for warts (abst), #241, p.44
Osteoporosis therapy: don't forget the phosphorus (abst), #239, p.34
Overlooking the dangers of prescription drugs (abst), #214, p.20
The Painter's Wife (ed), #244, p.129
Pancreatic enzymes block food allergy reactions (abst), #232, p.36
Pancreatic enzymes improve digestion, #201, p.40
Passive smoke causes dental caries (abst), #243, p.52
Patients with adrenal insufficiency need DHEA, #205, p.32
PC-SPES for Prostate Cancer (ed), #213, p.116
Peanuts for Sale? (ed), #219, p.112
Peer reviewers are biased against alternative medicine, #187, p.38
Peppermint oil for abdominal pain in children (abst), #214, p.22
Perennial rhinitis due to food additives (abst), #245, p.22
Pesticides, Parkinson's disease, and biochemical individuality, #190, p.24
Phenylketonuria: a model for biochemical individuality and orthomolecular medicine (abst), #240, p.31
Phyllanthus amarus effective for hepatitis B (abst), #233, p.26
Plantago seeds for ulcerative colitis, #208, p.29
Plastic bottles leach toxins, #190, p.25
Political Wish List (editorial), #186, p.118
Possible interaction between *Ginkgo biloba* and diabetes medications (abst), #222, p.24
Potential hazard of colloidal silver (abst), #211, p.160
Prescribe iron with caution, #207, p.32
Prescription-Drug Toxicity: A Major Epidemic (ed), #240, p.112
Prescription remedy that leaves one cold (abst), #227, p.31
Preventing complications of coronary angiography with N-acetylcysteine (abst), #237, p.44
Preventing diabetes by "living healthy" (abst), #233, p.27
Preventing diabetic nephropathy (abst), #243, p.20
Preventing migraine with coenzyme Q10 (abst), #234, p.35
Preventing preeclampsia with vitamins C and E, #203, p.39
Preventing side effects of radiographic contrast agents with N-acetylcysteine (abst), #211, p.160
Preventing sunburn with tomato paste (abst), #234, p.35
Primrose oil for scleroderma, #193, p.30
Probiotics beneficial for Crohn's disease (abst), #220, p.13
Probiotics improve eczema in infants, #209, p.26
Problem with American Heart Association "Step 1" diet (abst), #229, p.26

Progesterone Fails Osteoporosis Trial, #197, p.121
Progesterone therapy for cyclic seizures, #189, p.29
Proteolytic enzymes beneficial for multiple myeloma (abst), #239, p.32
Pseudoallergens in the diet as a cause of eczema, #205, p.33
Put the lime in the cocoa... (abst), #231, p.28
Quercetin for prostate disorders (abst), #222, p.24
Questioning the treatment of hemorrhagic shock (abst), #215, p.21
Recurrent kidney stones: do not restrict dietary calcium (abst), #226, p.34
Red pepper for heartburn (abst), #237, p.43
Red yeast rice: natural treatment for elevated cholesterol (abst), #211, p.162
Relieving headaches with pressure, heat, and cold (abst), #213, p.60
Respect for Tissue (ed), #223, p.124
Reversing tissue damage from radiation therapy, #199, p.156
The Role of Coenzyme Q10 in Clinical Medicine: Cardiovascular Disease, Hypertension, Diabetes Mellitus and Infertility, #192, p.92-95
S-adenosylmethionine for alcoholic cirrhosis, #202, p.24
Saccharomyces therapy: risks, benefits, cost, #198, p.23
"Safe Upper Limits" for Nutritional Supplements: One Giant Step Backward (ed), #243, p.146-48
Screen osteoporosis patients for celiac disease (abst), #219, p.18
Scrooge department (or, "please don't take away grandma's B12 shots") (abst), #241, p.46
Second-hand cigarette smoke damages healthy hearts (abst), #220, p.12
Selenium effective against autoimmune thyroiditis (abst), #235, p.32
Selenium for infertility, #197, p.35
Selenium therapy for AIDS patients (abst), #225, p.30
Selenium treatment of radiation-induced lymphedema (abst), #243, p.52
Selenium-yeast prevents cancer, #195, p.37
Sesame oil relieves dry nose (abst), #225, p.31
Shedding light on bulimia, #204, p.33
Shedding light on insomnia and melatonin (abst), #225, p.31
A simple treatment for Raynaud's phenomenon, #193, p.30
Smart suckers (abst), #231, p.27
Sophie's choice, #187, p.39
Soy does not relieve menopausal symptoms: bad treatment or bad research? (abst), #229, p.27
Soy isoflavones relieve menopausal symptoms and improve lipid levels (abst), #229, p.27
Soy milk for essential hypertension (abst), #239, p.33
Soy protein for postmenopausal osteoporosis (abst), #210, p.131
St. John's wort compared with Prozac, #198, p.22
St. John's wort compares favorably with Prozac, #205, p.32
St. John's wort flunks another test: or does it? (abst), #228, p.25
