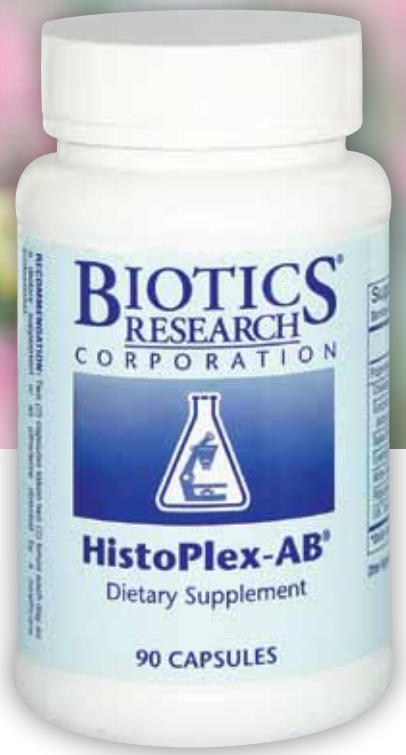
Take control of airborne allergies!



For those who suffer as a result of pollens and mold spores, outdoor bliss can quickly turn to misery as the onset of seasonal symptoms ensue. For those affected, targeted nutrition may offer substantial benefits. and specific botanicals are recognized as effective agents in supporting the body's immune response.

HistoPlex-AB® provides a targeted array of botanicals recognized in supporting the respiratory system, as well as providing immunomodulating effects. The herbs included in this formula provide both antitussive and expectorant actions.
