

# DES BIO PRACTITIONER EDUCATION

Advancing Holistic Health through Practitioner Education

**Mold • Infections • Lyme • Pesticides • EMF  
Toxins • Food Sensitivities • Leaky Gut  
Viruses • Candida • Metals • Genetics**

*You know the problems,  
now what's the solution?*

*DesBio* educational events aim to provide integrative practitioners with real solutions for the most difficult clinical scenarios. Our practitioner education seminars are taught by active clinicians who are facing the same challenging patients as you. Our emphasis is providing clinical knowledge from the experts on how to implement tried and true tactics for seeing real clinical results.
