MD

Debby Hamilton,
MD MPH

We invite you to attend our second annual International Conference on Chronic Pathologies, September 7-9, 2018 in Antwerp, Belgium. Join practitioners from around the world as our diverse faculty presents the latest science and evidence-based functional medicine.

This year's program focuses on the key health issues leading to and shared by a host of chronic pathologies, including:

Key Health Issues	Associated Chronic Pathologies
Chronic inflammation – cytokine elevation & suppression	CIRS & Mycotoxins/Biotoxins, SIBO
Immune Imbalance Suppression (including Th1, Th2, Th17)	Electromagnetic sensitivity, Cancer, Lyme, Autism & other neurological diseases
Gut hyperpermeability	Intestinal disorders & immune suppression
Sports related overtraining	Immune suppression
LPS-induced inflammation	Gut-Brain disruption
Neuro-inflammation	ADHD, Neurodegeneration
Endocrine disrupters	Low testosterone & sperm counts, tumors

EXPERIENCED FACULTY

The experienced faculty includes practitioners who specialize in treating patients with chronic pathologies. On the cutting edge of evidence-based integrative medicine, our European and American faculty will review the science and share their respective protocols to improve patient health.

SIMULTANEOUS TRANSLATION IN ENGLISH, FRENCH & GERMAN

REGISTER EARLY & SAVE!

Early Bird Special:

\$300* until July 31, 2018

\$400* after July 31, 2018

Price includes three full days (Friday, Saturday & Sunday) of lectures, lunches and a Friday evening reception.

For an additional \$69*, you are welcome to join the faculty and fellow registrants for a networking dinner in quaint central Antwerp.

Register online now!
