OF THE 2018 PHYSICIAN'S CHOICE AWARD

RESEARCHED NUTRITIONALS®

The Physician's Choice Award is bestowed upon companies that embrace naturopathic medicine and support naturopathic physicians, their practices, and patients. Licensed naturopathic doctors* selected Researched Nutritionals® as the top supplement company which they felt provided the very best in quality products, superior customer service, community outreach, and social/environmental impact.

On behalf of the entire Researched Nutritionals' international team, I am pleased to accept this award. We feel our ongoing published clinical research is a key factor in our company being selected for this industry award. We thank all of the doctors who selected Researched Nutritionals, and we look forward to supporting you and your patients with additional high quality clinical research, efficacious product development and industry-leading customer service. We feel there is no honor higher than your practitioner partners selecting Researched Nutritionals for this award.

With highest gratitude and respect,
